

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

MINUTES OF THE MEETING OF THE ASTRONOMICAL SOCIETY OF THE
PACIFIC, HELD IN THE AUDITORIUM OF WHEELER HALL,
BERKELEY, CALIFORNIA, ON JULY 15, 1918,
AT 8:00 P. M.

By courtesy of the Dean of the Summer Sessions of the University of California, this meeting was made a feature of the Summer Session of this year.

Vice-President HODGHEAD presided and introduced the lecturer of the evening, Dr. HEBER D. CURTIS, Astronomer in the Lick Observatory.

Dr. Curtis' subject was: "The Recent Total Solar Eclipse."

The speaker was a member of the Lick Observatory Crocker Eclipse Expedition which went to Goldendale, Oregon, to observe the phenomenon of June 8th last. The lecture was beautifully illustrated and held the close attention of a large audience.

Adjourned.

D. S. RICHARDSON, *Secretary*.
